Open TEDD Talk: Prof. Dr. Dieter Trau, NUS

Personal Photometer “Photopette” and “Lab-in-a-Tip” for Rapid On-spot Measurements

Date: 16th April 2018

Location: ZHAW, Campus Reidbach, Wädenswil, Switzerland

Dr. Dieter Trau is an Associate Professor at the Department of Biomedical Engineering at the National University of Singapore (NUS). His main research are biosensors, bioanalytical methods and devices. Dieter is also a serial-inventor entrepreneur. He founded “Tip Biosystems Pte Ltd” in 2014 to commercialize a personal hand-held photometer termed “Photopette”. He showed TEDD partners how the science behind the device and how it can help them in the lab.
