Transport Systems Curriculum (full-time)
Valid from Autumn Semester 2019/2020 / 12.02.2021
Overview of Transportation Systems elective modules

During your third year of study, you will choose eight of the following elective modules*. This will allow you to create an individual profile in the following subject areas:

Modelling and Simulation of Transportation Systems
- Mobility Data
- Logistics
- Traffic Engineering

* For modules that build on each other, part 1 must be completed in order to participate in part 2. It is, however, possible to also only select part 1.
