Herbert Kessler, Head of the Building Services Special Interest Group

"I value the cooperative environment in the association and in our research group. It allows an open exchange between competent professionals and allows me to expand my professional network of contacts, to discover new companies and meet colleagues I already know – from a personal perspective I get a lot from being an active member".

We support projects and campaigns

"Safety in maintenance"
EU sponsorship campaign

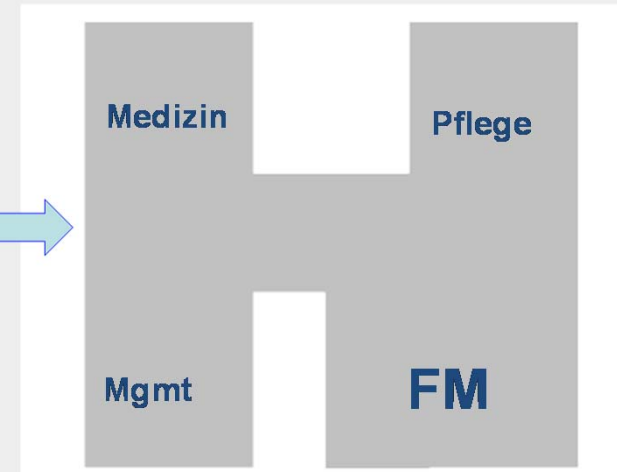

"Vision Life 250" SUVA campaign

Hans Peter Keller, leader of the educational publications working group

"I am committed to nurturing the future development of the maintenance industry in Switzerland. Through personal contact and networking with professional colleagues I can continue to expand my technical knowledge also - a personal enrichment for me! »

Why do Swiss hospitals have to change?

- Healthcare GDP highest after the US
- Demographic change
- Technological progress
- Labour shortage in nursing / medicine

DRG and FM or FM under DRG?

SwissDRG

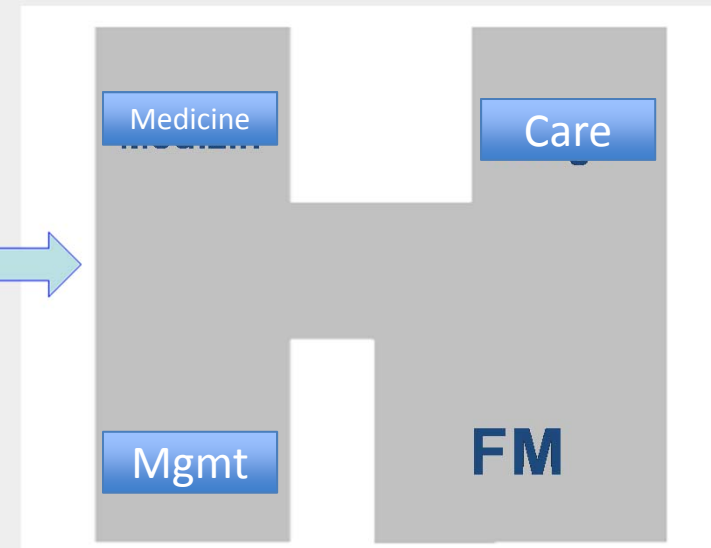

...the path to a recognised management discipline.

...to receive the attention FM and facility managers deserve

...to bring out FM's potential and influence.
