

# Modulübersicht MSc ENR

Master of Science in Umwelt und Natürliche Ressourcen

## Modulkategorien

Masterstudio Pflichtmodul

Fokus Wahlpflichtmodul

MRU Agrarökologie und Ernährungssysteme

MRU Ökotechnologien und Erneuerbare Energien

MRU Biodiversität und Ökosysteme

Environment, Society and Responsibility Wahlpflichtmodul

Environment, Society and Responsibility Pflichtmodul

Research Skills and Tools Wahlpflichtmodul

Research Skills and Tools Pflichtmodul

Entrepreneurial Skills Wahlpflichtmodul

<b>Herbstsemester</b>	Master Thesis 30	Summer School MSc ENR 4						Disruption Days MSc PREFS 2	Regenerative Business Models and Finance MSc PREFS 3
<b>Frühlingssemester</b>		Individual Specialisation Module B 5	Individual Specialisation Module A 3	Natural Resources Management in Emerging Economies 3					Regenerative Strategies and Innovation Processes MSc PREFS 3
		Global Economic Geographies of Agriculture and Food Systems UZH 6	CO <sub>2</sub> Management in Companies and Local Authorities 3	Natural Resources Management in Urban Areas 3	Advanced Spatial Analysis UZH 3	Remote Sensing for Ecology 3	Intercultural Competence Dep. LSFM 2	Environmental Mediation 3	
	Project Work in Research Group 2 6	Agriculture for the Future 3	Natural Resources Management in Mountain Areas 3	Aquaculture Systems 3	Patterns and Trends in Environmental Data 3	Advanced Life Cycle Assessment 3	Behavioral Change 3	Environmental Economics 3	
<b>Herbstsemester</b>	Project Work in Research Group 1 6	Agroecology and Food Systems 6	Ecological Engineering and Renewable Energy 6	Biodiversity and Ecosystems 6	Research Methods 15		Sustainability Science 3
