Lecturers	<ul style="list-style-type: none"> • Various 			
Entry Requirements	<ul style="list-style-type: none"> • The student clarifies with the concerned school whether a participation is possible. • If participation is possible, the student must contact the module coordinator responsible for his/her specialisation • If the application gets approved, the clarification of the terms of the module attendance must be submitted to the Administration Office according to the ISA deadlines: CW03 (AS) and CW33 (SS). 			
Learning Outcomes and Competences	<p>The students achieve professional or related competences relevant to their specialisation in the MSLS (very different areas, depending on the chosen module). The competences will be individually discussed and must be clarified in writing before the start of the module.</p> <p>Extracurricular competencies can be obtained by attending courses</p> <ul style="list-style-type: none"> • in other ZHAW master's degree programs • in other specialisations of the MSLS • at other universities of applied sciences • at universities with content relevant to your specialisation 			
Module Content	The module content is based on the activities (of the chosen extracurricular module) as well as the competences aimed at and to be achieved. It will be agreed upon individually in writing in each case.			
Teaching / Learning Methods	<ul style="list-style-type: none"> • Lectures • Group work / Case studies / team role analysis • Presentations • Coaching • Reflection • other 			

Assessment of Learning Outcome	<p>The assessment will be classified as “passed/failed”.</p> <p>The assessment will be discussed prior to the coursework with the head of specialisation and the program director and recorded in the clarification of the terms of the module attendance. Assessment might be a report, a presentation, or a colloquium and will be assessed by the head of specialisation (or another defined lecturer).</p>
