

Official Introduction Meeting

Campus Grüental, Wädenswil

We look forward to welcoming you to the campus in Wädenswil.

The Master of Science in Life Sciences Programme at the ZHAW begins with this Introduction Meeting in Wädenswil.

We will provide you with important information that is essential for your studies and present relevant ZHAW services to you. Specialisation-specific inputs will be delivered in the introductory meeting with the Heads of Specialisation.

Last but not least, you will have the opportunity to meet other new and current students who will share their experiences with you, and enjoy a nice dinner on campus.

We look forward to welcoming you to the campus in Wädenswil.

A handwritten signature in blue ink, reading 'Hock'.

Dr. Andreas Hock

Programme Director Master of Science in Life Sciences
