

Because Compliance is here to stay, and should be part of your DNA...

WE MAKE COMPLIANCE YOUR ENABLER FOR SUCCESS!

CompCQ

Improve Compliance Knowledge, Reduce Risks

Train by Playing, Make it Fun in a Risk-Free Environment!

We help you get Compliance into your company DNA

Base it on Your Key Value Drivers

Benefit from Top Class Experts

Get the customisation you need

Facts speak for themselves

84%

84% of people are more likely to remember something if it happens to be fun

76%

76% increased retention rate of training when actively played

Motivation to act increases with better understanding

Happy employees are more likely to stay and recommend the company to others

We provide you the training approach you need and want

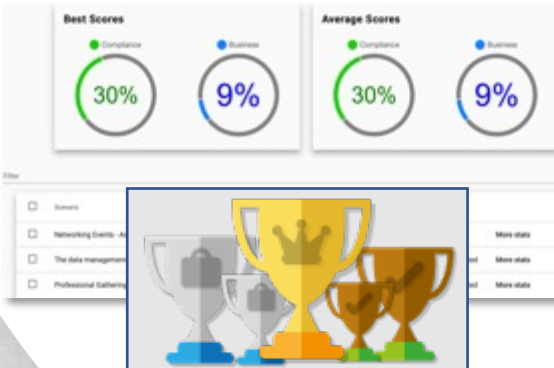

We are former regulators, lawyers, top management consultants, academia, and CEOs

We work with you to crystallise your specific requirements and compliance challenges, incl related to business

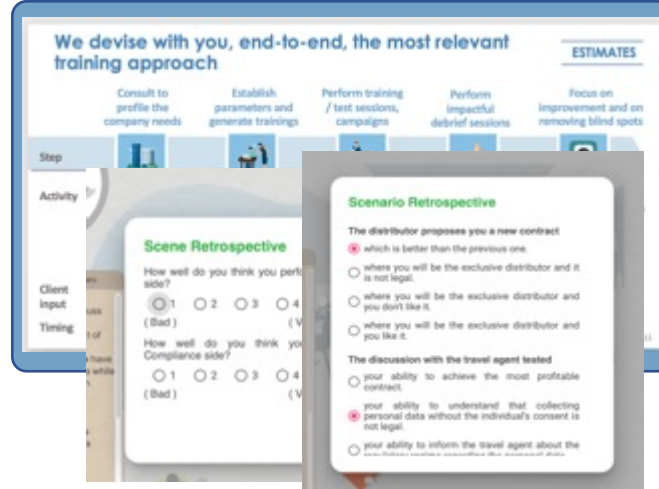

We have a fully flexible platform with many options to develop tailor-made trainings.

The benefits of online learning are fully exploited with fact-based feedback and identification of blind spots.

The players have both business and compliance objectives and face real-life challenges in a game environment.

We ensure the full accuracy of the content and have access to top law firms for specific compliance issues you may want to address

We also offer a debrief with experts to ensure the learning is complete, to everybody's benefit.

We offer content on

- Competition Law - Price and distribution agreements, market allocation etc.;
- Data protection and privacy;
- Business Ethics:
 - Anti-Money-Laundering,
 - Anti-Bribery and Corruption
 - Sanctions
- General compliance literacy.
