

Evaluation Grid Research Proposal – Summer School 2020

The Research Proposal is a complete description of the intended research. Through the full proposal, the student needs to demonstrate convincingly that the study will make a contribution to the digital transformation in the public sector.

The full research proposal (ca. 2000 words) must be and should present the following:

- Title
- Brief introduction
- Background and statement of the problem (this in the light of a thorough literature review)
- Research question or hypothesis, aim and objectives
- Study design
- Study population and sampling
- Data collection methods and instruments
- Data analysis methods
- *Optional: Mechanisms to assure the quality of the study – e.g. control of bias*
- *Optional: Study period - Timetable for completion of the project*
- References
- *Optional: Appendices (copy of questionnaire, etc.)*
