

9 things you should know about us

CampusCard = Library card

With your CampusCard you can borrow media, print and use the study environment outside of library opening hours.

Login for your library account = SWITCH edu-ID.

Workspaces

In the library and the study environment on the 2nd floor there are various study areas, suitable for all needs.

You can book group study rooms online: my.zhaw.ch/rooms

Catering

In our cafeteria, microwaves and vending machines are also available outside of operating hours. (Eating is not allowed in the library.)

Online 24/7

Our e-books and electronic journals are accessible day and night (VPN) and can be downloaded and/or printed for personal use.

Emergency support

We have headphones you can borrow and if your mobile phone battery is empty, we have a charger for you. Too noisy? You can get earplugs from the vending machine. We also help in real emergencies.

We have books too

Browse the shelves and check out the books you wish to borrow yourself. You can also order media online from us or from other libraries for pick-up at our library. And the return machine will gladly take them back.

Open to suggestions

Missing something in our library? Let us know.

Print, copy and scan

You will find printers/copiers on the 1st floor and in the study environment. In the library there are book scanners on every floor. All you need is your own USB stick.

We are here for you!

Can't find what you're looking for? Are you stuck on a search assignment? Is something not working properly?

Feel free to ask us personally at the information desk, drop by spontaneously at our reference service desk or sign up for one of our training courses.
