

Winterthur, September 2016

- **Commuter Services**
- **Student Parking**

Dear students

As you take up your studies at our university of applied sciences, you will need to consider how to get to and from our campus. Since the ZHAW campus is situated so close to Winterthur's main train station, we recommend that you take advantage of public transportation.

Covered bike racks are available all over the ZHAW campus.

NO car parking is available on the campus of the School of Management and Law. The parking spaces on Theaterstrasse are designed for loading and unloading goods ONLY. The ramp at St. Georgenstrasse is designed to provide fire department access. Parking there is prohibited. The ZHAW car park in Technikumstrasse has a few parking spaces available for the use by students. Campus Card holders pay a reduced rate; the price for one semester is CHF 320.00. Semester parking cards can be obtained at the Copy Centre, TE Building, Room 217.

Public parking can be found nearby in the Theater car park at Stadtgarten or the train station car park (on top of Winterthur's main train station).

Yours sincerely

Zurich University of Applied Sciences
